LIFE EDUCATION TRUST CANTERBURY IN YOUR COMMUNITY

Life Education exists to empower children with the knowledge and confidence to make healthy decisions for themselves.

Each child that experiences Life Education may learn about Food and Nutrition, Identity and Resilience, Relationships and Communities, Human biology and Substances, enabling them to become proud of their identity and confident in who they are.

OUR GOALS

It is our hope that by the end of Year 8 children who have experienced Life Education will be proud of their identity and confident in who they are, empowered to make healthy, informed choices, connected and engaged with the world, curious and have inquiring minds and be respectful of themselves, others and the environment.
