

# YOU CAN SUPPORT LIFE EDUCATION TRUST CANTERBURY WITH A PARTNERSHIP

## YOUR BUSINESS AND LIFE EDUCATION TRUST CANTERBURY

Life Education exists to empower children with the knowledge and confidence to make healthy decisions for themselves. Our vision is that children are enabled to reach their full potential by educating and inspiring generations to embrace positive choices for a healthy mind and body.

Each child that experiences Life Education may learn about Food and Nutrition, Human Biology, Substances, Relationships and Communities, and Identity and Resilience enabling them to become proud of their identity and confident in who they are.

With no Government funding and annual operating costs of \$400,000, Life Education Trust Canterbury is reliant on the generosity of the community to ensure it can continue to deliver their important programmes so children are inspired and equipped to live life to the fullest.

## YOU CAN HAVE A REAL IMPACT ON CANTERBURY'S CHILDREN

By partnering with the Life Education Trust Canterbury you will have the opportunity to create a long-term relationship with a trusted local organisation. Because Life Education is active and recognised in Canterbury, your partnership will also help to deliver messages about important issues like mental well-being, obesity, substance use, bullying and social responsibility directly into the local communities that matter to you and your staff.

We know your values are important to your business, so the Trust has considered a number of benefits that can be align to your philosophy, build into your existing corporate responsibility programmes and provide opportunities for you and your staff to engage with Life Education on a practical level.

"Having Life Education teach our students about important life issues in an out-of-classroom environment is incredibly valuable to their learning. The experience for children is an extravaganza that appeals to all their senses and learning styles."
